Circular 10/2011
27 June 2011

Dear Colleagues

Non-consolidated payment of £250 for those earning below £21,000

I am aware that some of our employers have retained links with the NI Civil Service with regard to employees' pay scales and pay increases.

Employees under these conditions earning under £21,000 will have been awarded a non-consolidated payment of £250 instead of a pay increase. In line with the Department of Finance and Personnel's pay bulletin in August 2010 (http://www.dfpni.gov.uk/question_and_answer_brief_aug_2010.pdf), this payment is not pensionable.

Yours sincerely

Zena Kee
Pensions Manager
